

Training and Employment Services

The Workforce Investment Act (WIA) provides funds to localities for job training and employment services for dislocated workers, youth, and adults.

The economic recovery package will provide \$3.95 billion for WIA training and employment services.

A portion of the funding — \$2.95 billion — would be distributed to states using standard WIA grant formulas. The package provides \$1.2 billion for youth activities, \$1.25 billion for dislocated workers, and \$500 million for adult activities.

In addition to the \$2.95 billion in formula grants, the bill provides \$50 million for YouthBuild, \$750 million for a new program of competitive grants for worker training and placement in high growth and emerging industries, and \$200 million for the dislocated workers assistance national reserve.

The table shows estimates of how the recovery package will distribute the \$2.95 billion in WIA formula funding for adult, dislocated worker, and youth services grants. These estimates are based on data from the Congressional Research Service. The non-formula funds are not included in this table.
