

The Supplemental Nutrition Assistance Program (SNAP) is the nation's most important anti-hunger program.

## Who Does SNAP Reach?

In Fiscal Year 2014, it reached:

- **194,000** Hawaii residents, or **14%** of the state population (**1 in 7 people**)
- **46,536,000** participants in the United States, or **15%** of the total population (**1 in 7 people**)

<b>HAWAII</b>	more than <b>65%</b> of all SNAP participants are in families with children	almost <b>29%</b> of all SNAP participants are in families with elderly or disabled members	more than <b>50%</b> of all SNAP participants are in working families
<b>NATIONALLY</b>	almost <b>70%</b> of all SNAP participants are in families with children	almost <b>29%</b> of all SNAP participants are in families with elderly or disabled members	more than <b>42%</b> of all SNAP participants are in working families

### In Hawaii many households still struggle to put food on the table:

- **12.9%** of households were “food insecure,” or struggled to afford a nutritionally adequate diet, in 2011-2013.
- **4.0%** of the population was unemployed in December 2014.
- In 2013, average income in Hawaii was **5.0% below** the 2007 level.
- **10.8%** of the population lived below the poverty line in 2013.
- **12.7%** of children lived below the poverty line in 2013.
- **7.2%** of elderly lived below the poverty line in 2013.

**SNAP reaches needy populations:** **66%** of eligible individuals participated in SNAP in Hawaii in 2012. In Hawaii in FY 2013, **87%** of households receiving SNAP had income below the poverty line (about \$23,850 for a family of four in 2014), and **41%** of households were in deep poverty, with income below 50% of the poverty line.

SNAP kept **33,000** people out of poverty from 2009-2012, including **16,000** children.

## What Benefits Do SNAP Recipients Receive?

SNAP targets benefits according to need. Very poor households receive more SNAP benefits than households closer to the poverty line since they need more help affording an adequate diet.

Households receive SNAP benefits on electronic benefit transfer (EBT) cards, which can be used only to purchase food at one of the 252,900 authorized retail locations around the country, including 1,000 in Hawaii.

	October 2013	November 2013-September 2014
Average monthly SNAP benefit for each household member:	\$227	\$225
Average monthly SNAP benefit per person per meal:	\$2.52	\$2.50

## Average Monthly SNAP Benefit By Demographic Group, FY 2013, Hawaii

All households

\$423

Households with children

\$691

Working households

\$563

Households with seniors

\$244

Households with non-elderly disabled individuals

\$303

Note: These amounts also include the temporary boost from the Recovery Act. In FY 2014, benefits will be lower by an average of \$8-10 per person.

## How Does SNAP Benefit the Economy?

Moody's Analytics estimates that in a weak economy, \$1 in SNAP benefits generates \$1.70 in economic activity.

SNAP benefits pumped about **\$525 million** into Hawaii's economy in 2014.
