	TOTAL COST (net of fiscal relief), 2002-2005:	\$2.7 billion

Louisiana Has Been More Affected by Federal Policies than Most States

Ranking among 50
states plus D.C.

➤	Total cost as percent of General Fund budget (2002-2005):	11.6%	8th
➤	Net cost as percent of General Fund budget, including offsetting federal fiscal relief (2002-2005):	10.4%	5th

Louisiana has been among the states affected most heavily by federal policy in part because it is the one of the poorest states in the nation. Poor states tend to have greater needs for a variety of government services and less ability to raise their own funds to pay for those services, so they are hit harder by adverse federal policies.
