

The Supplemental Nutrition Assistance Program (SNAP) is the nation's most important anti-hunger program.

Whom Does SNAP Reach?

In Fiscal Year 2017, it reached:

- **388,000** Arkansas residents, or **13%** of the state population (**1 in 8**)
- **42,000,000** participants in the United States, or **13%** of the total population (**1 in 8**)

ARKANSAS	more than 74% of SNAP participants are in families with children	almost 33% are in families with members who are elderly or have disabilities	more than 44% are in working families
NATIONALLY	more than 68% of SNAP participants are in families with children	more than 31% are in families with members who are elderly or have disabilities	more than 44% are in working families

Many Arkansas households struggle to put food on the table. The most recent data show:

- **17.5%** of households were “food insecure,” or struggled to afford a nutritionally adequate diet.
- **17.2%** of the population lived below the poverty line.
- **23.5%** of children lived below the poverty line.
- **10.5%** of elderly lived below the poverty line.

SNAP reaches needy populations: **72%** of eligible individuals participated in SNAP in Arkansas in 2015, and **64%** of eligible workers participated.

SNAP kept **111,000** people out of poverty in Arkansas, including **55,000** children, per year between 2009 and 2012, on average. (These figures adjust for households' underreporting of benefits.)

What Benefits Do SNAP Recipients Receive?

SNAP targets benefits according to need. Very poor households receive more SNAP benefits than households closer to the poverty line since they need more help affording an adequate diet. SNAP recipients in [Arkansas](#) received \$510 million in benefits in 2017.

Average monthly SNAP benefit for each household member:

Fiscal Year 2017

\$110

Average SNAP benefit per person per meal:

\$1.20
