

The Supplemental Nutrition Assistance Program (SNAP) is the nation's most important anti-hunger program.

Whom Does SNAP Reach?

In Fiscal Year 2017, it reached:

- **366,000** Iowa residents, or **12%** of the state population (**1 in 9**)
- **42,000,000** participants in the United States, or **13%** of the total population (**1 in 8**)

IOWA	more than 71% of SNAP participants are in families with children	almost 29% are in families with members who are elderly or have disabilities	more than 53% are in working families
NATIONALLY	more than 68% of SNAP participants are in families with children	more than 31% are in families with members who are elderly or have disabilities	more than 44% are in working families

Many Iowa households struggle to put food on the table. The most recent data show:

- **10.7%** of households were “food insecure,” or struggled to afford a nutritionally adequate diet.
- **11.8%** of the population lived below the poverty line.
- **14.4%** of children lived below the poverty line.
- **6.9%** of elderly lived below the poverty line.

SNAP reaches needy populations: **92%** of eligible individuals participated in SNAP in Iowa in 2015, and **83%** of eligible workers participated.

SNAP kept **68,000** people out of poverty in Iowa, including **31,000** children, per year between 2009 and 2012, on average. (These figures adjust for households' underreporting of benefits.)

What Benefits Do SNAP Recipients Receive?

SNAP targets benefits according to need. Very poor households receive more SNAP benefits than households closer to the poverty line since they need more help affording an adequate diet. SNAP recipients in Iowa received \$482 million in benefits in 2017.

How Does SNAP Benefit the Economy?

Moody's Analytics estimates that in a weak economy, \$1 in SNAP benefits generates \$1.70 in economic activity. Households receive SNAP benefits on electronic benefit transfer (EBT) cards, which can be used only to purchase food at one of the 263,100 authorized retail locations around the country, including 2,900 in Iowa.
