Many New York households struggle to put food on the table. The most recent data show:

- **12.5%** of households were “food insecure,” or struggled to afford a nutritionally adequate diet.
- **14.7%** of the population lived below the poverty line.
- **20.4%** of children lived below the poverty line.
- **11.4%** of elderly lived below the poverty line.

SNAP reaches needy populations: 87% of eligible individuals participated in SNAP in New York in 2015, and **79%** of eligible workers participated.

SNAP kept **714,000** people out of poverty in New York, including **321,000** children, per year between 2009 and 2012, on average. (These figures adjust for households' underreporting of benefits.)

What Benefits Do SNAP Recipients Receive?

SNAP targets benefits according to need. Very poor households receive more SNAP benefits than households closer to the poverty line since they need more help affording an adequate diet. SNAP recipients in [New York](#) received **\$4.74 billion** in benefits in 2017.
