The Supplemental Nutrition Assistance Program (SNAP) is the nation’s most important anti-hunger program.

**Whom Does SNAP Reach?**

In fiscal year 2019, it reached:

- **1,383,000** Ohio residents, or **12%** of the state population **(1 in 8)**
- **38,000,000** participants in the United States, or **12%** of the total population **(1 in 9)**

**Many Ohio households struggle to put food on the table. The most recent data show:**

- **12.6%** of households were “food insecure,” or struggled to afford a nutritionally adequate diet.
- Median income was **1.8% above** the 2007 level, after adjusting for inflation.
- **13.1%** of the population lived below the poverty line.
- **18.4%** of children lived below the poverty line.
- **8.3%** of elderly lived below the poverty line.

**SNAP reaches needy populations:** **81%** of eligible individuals participated in SNAP in **Ohio** in 2017, and **80%** of eligible workers participated.

SNAP kept **320,000** people out of poverty in **Ohio**, including **140,000** children, per year between 2013 and 2017, on average. (These figures adjust for households’ underreporting of benefits.)
What Benefits Do SNAP Recipients Receive?

SNAP targets benefits according to need. Very poor households receive more SNAP benefits than households closer to the poverty line since they need more help affording an adequate diet. SNAP recipients in Ohio received $2.02 billion in benefits in 2019.

Average monthly SNAP benefit for each household member: $132
Average SNAP benefit per person per meal: $1.33

How Does SNAP Benefit the Economy?

Moody’s Analytics estimates that in a weak economy, $1 in SNAP benefits generates $1.70 in economic activity. Households receive SNAP benefits on electronic benefit transfer (EBT) cards, which can be used only to purchase food at one of about 247,600 authorized retail locations around the country, including some 9,400 in Ohio.
