The Supplemental Nutrition Assistance Program (SNAP) is the nation’s most important anti-hunger program.

**Whom Does SNAP Reach?**

In fiscal year 2019, it reached:

- **574,000** Oklahoma residents, or **14%** of the state population (**1 in 7**)
- **38,000,000** participants in the United States, or **12%** of the total population (**1 in 9**)

**Many Oklahoma households struggle to put food on the table. The most recent data show:**

- **14.7%** of households were “food insecure,” or struggled to afford a nutritionally adequate diet.
- Median income was **6% above** the 2007 level, after adjusting for inflation.
- **15.2%** of the population lived below the poverty line.
- **19.9%** of children lived below the poverty line.
- **9.7%** of elderly lived below the poverty line.

**SNAP reaches needy populations:** **84%** of eligible individuals participated in SNAP in **Oklahoma** in 2017, and **72%** of eligible workers participated.

SNAP kept **113,000** people out of poverty in **Oklahoma**, including **54,000** children, per year between 2013 and 2017, on average. (These figures adjust for households’ underreporting of benefits.)
What Benefits Do SNAP Recipients Receive?

SNAP targets benefits according to need. Very poor households receive more SNAP benefits than households closer to the poverty line since they need more help affording an adequate diet. SNAP recipients in Oklahoma received $819.55 million in benefits in 2019.\(^a\)

How Does SNAP Benefit the Economy?

Moody’s Analytics estimates that in a weak economy, $1 in SNAP benefits generates $1.70 in economic activity. Households receive SNAP benefits on electronic benefit transfer (EBT) cards, which can be used only to purchase food at one of about 247,600 authorized retail locations around the country, including some 3,400 in Oklahoma.

For more information on SNAP, including Oklahoma-specific information, please see:

- Oklahoma SNAP program: [https://oklahoma.gov/okdhs/services/snap.html](https://oklahoma.gov/okdhs/services/snap.html)

Notes: In addition to SNAP, in FY 2019, based on preliminary data, an average of about 28,900 individuals in Oklahoma received benefits through the Food Distribution Program on Indian Reservations (FDPIR), which is a federal program that provides commodity foods to low-income households, including the elderly, living on Indian reservations, and to Native American families residing in designated areas near reservations and in the State of Oklahoma.

\(^a\) Published SNAP participation data from USDA are adjusted for January and February 2019 to account for early issuance of February 2019 benefits in January 2019. Published benefit data from USDA have not been adjusted.
