

Hawaii TANF Spending

In 2018, Hawaii spent about \$199 million in federal and state funds under the Temporary Assistance for Needy Families (TANF) program. It spent 14 percent of these funds on basic assistance, generally as cash assistance to TANF families. In 2018, Hawaii ranked 32nd among the states and the District of Columbia for percent of TANF funds spent on basic assistance.

Federal TANF Allocation and State Maintenance-of-Effort (MOE) Amounts

- In 2018, Hawaii was awarded its TANF block grant of \$99 million and an additional \$11 million in contingency funds.
- Since unspent block grant funds can be carried over to future years, a state may spend more or less than its annual block grant allocation in any given year. As of 2018, Hawaii has accumulated \$301 million in unspent TANF block grant funds, equal to 306 percent of its block grant.
- Every year each state must also spend, from its own funds, at least 80 percent of its historical spending on poor families with children. (A state may spend more than its minimum.) This “MOE” requirement can be reduced to 75 percent if a state meets specific work participation rate requirements. In 2018, Hawaii met these requirements and was subject to the 75 percent MOE obligation.
