

# Indiana TANF Spending

In 2019, Indiana spent about \$352 million in federal and state funds under the Temporary Assistance for Needy Families (TANF) program. **It spent 4 percent of these funds on basic assistance**, generally as cash assistance to TANF families. In 2019, Indiana ranked 51st among the states and Washington, D.C. for percent of TANF funds spent on basic assistance.

## Federal TANF Allocation and State Maintenance-of-Effort (MOE) Amounts

- In 2019, Indiana was awarded its TANF block grant of \$206 million.
- Since unspent block grant funds can be carried over to future years, a state may spend more or less than its annual block grant allocation in any given year. As of 2019, Indiana has accumulated \$37 million in unspent TANF block grant funds, equal to 18 percent of its block grant.
- Every year each state must also spend, from its own funds, at least 80 percent of its historical spending on poor families with children. (A state may spend more than its minimum.) This “MOE” requirement can be reduced to 75 percent if a state meets specific work participation rate requirements. In 2019, Indiana met these requirements and was subject to the 75 percent MOE obligation.
