

Nevada TANF Spending

In 2019, Nevada spent about \$124 million in federal and state funds under the Temporary Assistance for Needy Families (TANF) program. It spent 27 percent of these funds on basic assistance, generally as cash assistance to TANF families.

Federal TANF Allocation and State Maintenance-of-Effort (MOE) Amounts

- In 2019, Nevada was awarded its TANF block grant of \$44 million.
- Since unspent block grant funds can be carried over to future years, a state may spend more or less than its annual block grant allocation in any given year. As of 2019, Nevada has accumulated \$29 million in unspent TANF block grant funds, equal to 66 percent of its block grant.
- Every year each state must also spend, from its own funds, at least 80 percent of its historical spending on poor families with children. (A state may spend more than its minimum.) This “MOE” requirement can be reduced to 75 percent if a state meets specific work participation rate requirements. In 2019, Nevada failed to meet these requirements and was subject to the 80 percent MOE obligation.
