

# New York TANF Spending

In 2019, New York spent about \$5.3 billion in federal and state funds under the Temporary Assistance for Needy Families (TANF) program. It spent 28 percent of these funds on basic assistance, generally as cash assistance to TANF families.

## Federal TANF Allocation and State Maintenance-of-Effort (MOE) Amounts

- In 2019, New York was awarded its TANF block grant of \$2.4 billion and an additional \$282 million in contingency funds.
- Since unspent block grant funds can be carried over to future years, a state may spend more or less than its annual block grant allocation in any given year. As of 2019, New York has accumulated \$667 million in unspent TANF block grant funds, equal to 27 percent of its block grant.
- Every year each state must also spend, from its own funds, at least 80 percent of its historical spending on poor families with children. (A state may spend more than its minimum.) This “MOE” requirement can be reduced to 75 percent if a state meets specific work participation rate requirements. In 2019, New York met these requirements and was subject to the 75 percent MOE obligation.
