

# TANF Cash Assistance Should Reach Many More Families in Arizona to Lessen Hardship

In 2018-19, for every 100 families living in poverty in Arizona, only 6 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 36 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 43,208 more families in Arizona would be helped by TANF now.
