

TANF Cash Assistance Should Reach Many More Families in California to Lessen Hardship

In 2018-19, for every 100 families living in poverty in California, only 70 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 31 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 167,366 more families in California would be helped by TANF now.

TANF-to-poverty ratio

	1995/96	2018/19
California	101	70
National	68	23

Number of Families in California Receiving AFDC/TANF Cash Assistance for Every 100 Families with Children in Poverty

Families with children

	1995/96	2018/19
Receiving AFDC/TANF	899,719	388,747
In poverty	893,400	552,208
In deep poverty	276,017	251,803

Changes in AFDC/TANF Cases and the Number of Families with Children in Poverty and Deep Poverty in California

Source note: TANF = Temporary Assistance for Needy Families; AFDC = Aid to Families with Dependent Children. CBPP analysis of poverty and deep poverty data from the Census' Current Population Survey. CBPP uses two-year averages of the poverty data and the TANF-to-Poverty ratios to improve the reliability of the data at the state level. Single year labels represent two-year averages for state data. For example, "2019" represents "2018-2019." AFDC/TANF caseload data from Department of Health and Human Services and (since September 2006) caseload data collected from state agencies. All ratios are rounded and point differences between ratios may appear inexact due to rounding.
