

# TANF Cash Assistance Should Reach Many More Families in Illinois to Lessen Hardship

In 2019-20, for every 100 families living in poverty in Illinois, only 16 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 71 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 101,780 more families in Illinois would be helped by TANF now.

CBPP uses two-year averages of the poverty data and the TANF-to-Poverty ratios to improve the reliability of the data at the state level. Single year labels represent two-year averages for state data. For example, “2020” represents “2019-2020.” AFDC/TANF caseload data from Department of Health and Human Services and (since September 2006) caseload data collected from state agencies. All ratios are rounded and point differences between ratios may appear inexact due to rounding.
