

# TANF Cash Assistance Should Reach Many More Families in Kansas to Lessen Hardship

In 2018-19, for every 100 families living in poverty in Kansas, only 10 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 42 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 14,951 more families in Kansas would be helped by TANF now.
