

TANF Cash Assistance Should Reach Many More Families in North Carolina to Lessen Hardship

In 2018-19, for every 100 families living in poverty in North Carolina, only 7 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 67 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 136,111 more families in North Carolina would be helped by TANF now.

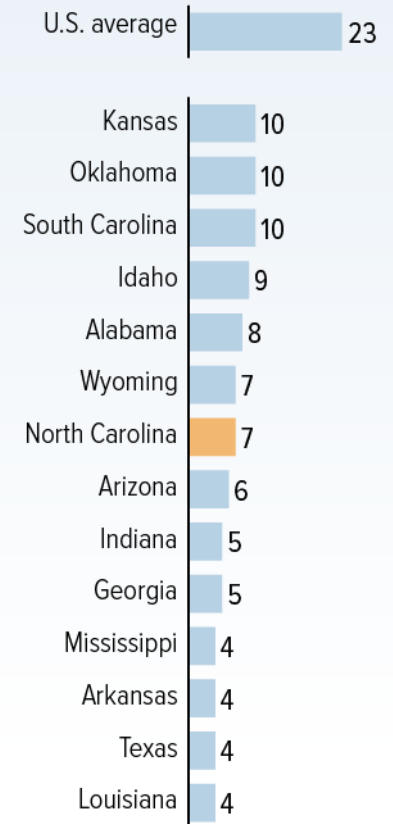

Number of Families in North Carolina Receiving AFDC/TANF Cash Assistance for Every 100 Families with Children in Poverty

Changes in AFDC/TANF Cases and the Number of Families with Children in Poverty and Deep Poverty in North Carolina

North Carolina Has One of the Lowest TANF-to-Poverty Ratios in the Nation

TANF-to-poverty ratio	1995/96	2018/19
North Carolina	74	7
National	68	23

Families with children	1995/96	2018/19
Receiving AFDC/TANF	116,390	13,252
In poverty	157,794	202,496
In deep poverty	57,416	81,789

Disproportionate Shares of Black, Latino Children Live in Lowest TPR States	Black children	41%
	Latino children	33%
	White children	28%

Source note: TANF = Temporary Assistance for Needy Families; AFDC = Aid to Families with Dependent Children. CBPP analysis of poverty and deep poverty data from the Census' Current Population Survey. CBPP uses two-year averages of the poverty data and the TANF-to-Poverty ratios to improve the reliability of the data at the state level. Single year labels represent two-year averages for state data. For example, "2019" represents "2018-2019." AFDC/TANF caseload data from Department of Health and Human Services and (since September 2006) caseload data collected from state agencies.
