

# TANF Cash Assistance Should Reach Many More Families in Oregon to Lessen Hardship

In 2018-19, for every 100 families living in poverty in Oregon, only 48 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 2 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 976 more families in Oregon would be helped by TANF now.

CBPP uses two-year averages of the poverty data and the TANF-to-Poverty ratios to improve the reliability of the data at the state level. Single year labels represent two-year averages for state data. For example, "2019" represents "2018-2019."
