

# TANF Cash Assistance Should Reach Many More Families in Virginia to Lessen Hardship

In 2019-20, for every 100 families living in poverty in Virginia, only 18 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 38 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 34,933 more families in Virginia would be helped by TANF now.
