

TANF Cash Assistance Should Reach Many More Families in Wyoming to Lessen Hardship

In 2018-19, for every 100 families living in poverty in Wyoming, only 7 received TANF cash assistance. This “TANF-to-poverty ratio” has fallen 38 points since 1995-96. If TANF reached the same share of families in poverty that its predecessor AFDC did in 1996, 2,819 more families in Wyoming would be helped by TANF now.
